

## David Collins House/Apartment (Unserviced)

David Collins House was purchased in 1985 by the David Collins Leukaemia Foundation of Tasmania (DCLFT) to provide comfortable accommodation for leukaemia patients and their carers while patients attend treatment in Hobart.

Major renovations were carried out in 2014.

David Collins House is fully self-contained with two bedrooms, 1 double bed and 2 single beds.

**Strictly NO SMOKING and NO PETS.**

## David Collins Leukaemia Foundation of Tasmania

The late David Collins was diagnosed with leukaemia in 1979. During his treatment he became aware of the need for a dedicated fundraising group to raise money for leukaemia research and patient care. With the support of family, friends and the community, his idea became a reality.

The Foundation was incorporated in March 1980.

All funds raised remain in Tasmania.
